Headteacher: Mrs C P Fox, B.Ed., M.Sc., NPQH

2nd July 2018

Dear Parents and Carers

Science topic

In Year 5, our science topic for the final half term is;

To describe the changes as humans develop to old age

This will involve looking at growing and changing together and is part of the National Curriculum for Year 5.

We will be discussing with the children changes that are likely to happen to their bodies in the next few years. This will be done in a single sex setting.

If you would like information regarding the programme, please contact Miss Seymour.

Yours sincerely

Miss Seymour
Year 5 Class Teacher
